

Our Vision For Valley Vineyard:

A vision is what we see God is doing and going to do through our church community. We see a place where people we experience what is written below.

We See a place for people to experience the restoration of life to the fullest through the truth, love, and mercy of Jesus Christ. (John 10:10; 14:6)

We See a place the Lord is creating through the Valley Vineyard from the Chippewa area a community of people who are progressively engaging in **living a life for Christ**. A place where people are committed to **living a life for Christ** by: **Intimate Love and Worship with the Lord Jesus Christ**. We are here to exalt and magnify Him. **Learning and living in His Holy Word**. We are here to study His Word in a lifelong process. **Living in relationships with God and others**. We are here to walk out our relationships with the Lord Jesus Christ in loving relationships with each other.

We See a place that has the Father's heart for the lost, the needy and downtrodden. We are here to lead people to Him through authentic witness. A place where people are shown God's Love in a practical way. A place where people reach out to meet those in need. We are here to lead people to a real, personal, and saving relationship with the Lord Jesus Christ, in particular the need to reach those who are lost eternally without Jesus Christ.

We See a place of prayer and healing. A place where through His Works of power and mercy His Presence is legitimized. A place where everyone is able to lay down their hurts and burdens. People can receive the blessings and restoration of the Kingdom of God. A place where people can see the work of the Holy Spirit and be ministered to. We exist to minister our Lord's power and mercy. We trust Him to work through us to bring His Kingdom's power, healing, and grace to restore the hurting and broken.

We See a place of comfort and safety. Our desire is to treat people as Jesus does, to accept them where they are, but to love them enough not to leave them there. We see healing as a process to be walked through in the context of safe relationships with people trained to minister as well as experiencing the Lord's Presence through powerful encounters with Him.

We See a place of growth and nurture. A place where true knowledge is poured out from the very author of life. A place where people can find answers to the questions of their lives through God. Where they can learn who they are, and why they are through God. A place where people can learn how much more they can be.

We See a place of community. Where families are built, children are raised up, and the lonely find connection. A place where needs are met, laughter, and tears flow freely, and hearts and lives are forever entwined.

We See a place of the Lord's missional heart and outreach.. We see the Lord's desire to establish many communities of people who are progressively engaging in living life for Christ. A place where the Lord is building the Valley Vineyard into a center which develops and releases church planters, missionaries, evangelists, pastors and other ministry leaders to advance the Kingdom of God.
